Jeffrey Scott Parsons:

BEHS alumni and professional award winning performer took a week between his performances on the west coast to come share his talents with us.

Having an alumni who is making a living in the wonderful crazy world we call theatre is INCREDIBLE.

He worked with passion, excitement and professionalism. For a week we danced, danced, danced, ate, did homework, and did it all over again. While he was here he was able to choreograph almost all of our show.

We can't wait to share this with our community.

He taught us that we can't strive to "someday be on Broadway" but more importantly to "make Broadway wherever you are." And to make a personal investment in each story you are sharing.

"So crazy proud of these kids. I'm grateful to be at the place in my life where working with them was both fun and rewarding. Thanks to you all for treating me like a star and for working so hard. Go BEHS!" -Jeffrey Scott Parsons

Jeff we hope we can make make you proud.
